

Press release

Bus Simulator 18

Come for a holiday, stay for the buses in the official map extension!

Moenchengladbach/Germany, May 02, 2019 – astragon Entertainment GmbH and stillalive studios are almost ready to take players for a relaxing drive in the countryside with their upcoming **official map extension** for **Bus Simulator 18**. Two brand new city districts, interesting missions, new bus stops and many more road miles are just waiting for you to be explored in and around Seaside Valley. Among the many new attractions: a recently opened airport, where your bus drivers can pick up travelers while watching planes soar above.

The first new city district of the **map extension** goes by the name of Kerststadt and is located south of Seaside Valley. It is not only home to the new airport but also houses the city's busy technology hub. This therefore means not only creating bus routes for travelers to and from the airport but also connecting Kerststadt University with the Ministry of Science and the local start-up scene. A night bus line for students coming back late from studying (or the pub) also needs to be established.

You would rather get away from all the hustle and bustle of Kerststadt for some peace and quiet? Well, then you will find the second new district of the **map extension** to be a worthwhile destination: the picturesque mountain village of Sonnstein not only delights with the sight of rustic half-timbered houses but also unspoiled natural surroundings. Time to raise the tourism revenues by establishing some scenic bus routes! In addition to breathtaking panoramic views, the drives up to Sonnstein will delight bus drivers with a real challenge: serpentine might be the most efficient way to climb even the steepest of inclines, but steering a large bus through tight curves with incoming traffic will keep even experienced drivers on the edge of their seats.

Will you have to travel around Kerstadt and Sonnstein all on your own? Of course not! Just as in the main game **Bus Simulator 18** you will be able to discover the **official map extension** together with up to three friends in the game's multiplayer mode.

The **Bus Simulator 18 - Official map extension** will come to Steam™ for 12.99 Euro / 15.99 USD / 11.69 GBP on May 22, 2019. **Bus Simulator 18** is already available for 29.99 Euro / 34.99 USD / 26.99 GBP (RSP).
