### Construction Simulator 3

## Successor to the popular simulation game series for smartphones and tablets announced

**Moenchengladbach/Germany, October 25, 2018** – With **Construction Simulator® 3**, publisher astragon Entertainment and weltenbauer. SE are happy to announce the upcoming successor to the popular simulation games **Construction Simulator® 2014** and **Construction Simulator® 2** today. **Construction Simulator® 3** for iPhone® and iPad® as well as smartphones and tablets using the Android™ operating system is planned to be released during the first half of 2019. Players who would like to test the game before the official launch are cordially invited to apply for the closed beta test, which will start shortly!

With **Construction Simulator® 3** players can look forward not only to a number of new features but also to a brand new European setting. Starting out as the owner of a small construction company, players will have the opportunity to get to work in more than 70 challenging missions. By successfully completing diverse building tasks, they will be on the right path to become the biggest building contractor in town. In addition to vehicles and machines of the famous makers Caterpillar, Liebherr, MAN, Palfinger, Bell, STILL, ATLAS and MEILLER Kipper, which have already made an appearance in the predecessors of **Construction Simulator® 3**, players will now be able to operate a number of officially licensed vehicles by newly added brands such as CASE, BOMAG, WIRTGEN, VÖGELE, HAMM and Bobcat. A veritable feast for friends of heavy machinery!

Players who would like to test **Construction Simulator® 3** before the official release date and add their feedback to the game's fine-tuning process can now apply for the **closed beta test** via the following link: <https://bit.ly/CS3-ClosedBeta>

The release of **Construction Simulator® 3** for iPhone® and iPad® as well as smartphones and tablets using the Android™ operating system is planned for the first half of 2019.
